

## **Comments on Region Sub-Divisions**

Please Use the Layout in B Below. Communities can now be created within each country, the Communities under Other Regions in A is no longer necessary. Besides, Other Regions is now also redundant. It makes more meaning that under Regions, we should list the continents directly as shown in B.

### **A Current Backend Layout for Regions**

- Dashboard
- Members
- Personnel
- Authors
- Events
- Regions
  - Other Regions
  - Communities
